

LITTLE MISS FUMBLE HANDS

Little Miss Fumble Hands
Decided to bake a cake
But she needed to get the ingredients
For the cake that she would make

She needed...

Butter
And Flour
And Eggs
And some milk

Sugar
And baking soda
That was kept on the shelf

Vanilla
And chocolate
And sprinkles
And cream

To bake a nice cake
She needed these things

So she went to get the butter
But the butter went *goosh!*

She went to get the flour
But the flour went *whoosh!*

She went to get the eggs
But the eggs went *crack!*

She went to get the milk
But the milk went *splat!*

She went to get the sugar
But the sugar went *splloosh!*

She went to get the baking soda
But the baking soda went *moosh!*

She went to get the vanilla
But the vanilla went *gush!*

She went to get the chocolate
But the chocolate went *crunch!*

She went to get the sprinkles
But the sprinkles went *spling!*

She went to get the cream
But the cream went *kabbling!*

Little Miss Fumble Hands
Made such a mess
That all the ingredients
Were all over the place

And when her mother came in
She couldn't believe her eyes
Then Miss Fumble Hands yelled
"Happy Birthday! Surprise!"

And her mother gasped
But not at the mess
Miss Fumble Hands mother
Knew she had tried her best

And Little Miss Fumble Hands
And her mother they baked
The most super spectacular
Birthday bake
