

AGM

Hello and welcome to the Greater Marshland Regional District's Retroactive Redundancy Program's extraordinary annual AGM. Due we have quorum? Yes. I see both of us are here. I call this meeting to order. Seconded? Thank you, Mabel. The reason I called today's meeting to order is that during that last meeting we somehow actually passed a motion. This, of course, will never do. According to the minutes, taken by unnamed persons in the room who aren't me, I somehow seconded a motion to allow other people to join the board. I believe there was one person in particular. One Mr. Brent Johnson. I don't know whose wool you think you're pulling over whose eyes, Mabel but the Greater Marshland Regional District's Retroactive Redundancy Program is not a place to 'hook up'. It is a place of business and weighty responsibility.
