

BIBLICAL PROPS

First, let me just say, first off, this is not what I thought I got when I ordered the Mondo Deluxe Mega Biblical Reenactment Sock Puppet Emporium. Moses is darned and Christ has a run. Where's the fun in that? When performing our Lord's darkest hour him becoming unraveled will hardly do. So I expect of you a full refund plus some compensation for inconvenience and suffering. Not His; ours. So now, what have you got as far as biblical props and paraphernalia to aid in the saving of school aged heathens and the great unwashed?
