

BRIDGE

MAYOR

I call the meeting to order. I would like to welcome all our listeners to this broadcast of the Flea Creek District Council Meeting. First on the agenda is the report on Infrastructure. First up to answer our questions is Mr. Milton of the Flea Creek Bridge advisory committee. Mr. Milton.

MR MILTON

Thank you, mayor.

MAYOR

How long has the committee existed studying the problem of the bridge, Mr. Milton?

MR MILTON

Twenty-three years.

MAYOR

At a cost of ...?

MR MILTON

Twenty million dollars.

MAYOR

How much will the new bridge cost?

MR MILTON

Approximately 12 million dollars. 15 if we add water. We really saved some money there.

MAYOR

And what are the major findings from all the feasibility studies?

MR MILTON

That we need a bridge so that we might replace it with a new one.
