

EVERYTHING

MAN Allow me to introduce myself, I'm everything.
WOMAN Are you?
MAN Oh, yes. Anything you can think of, that's me.
WOMAN Really?
MAN Yes. I never thought I'd be everything. It just sort of happened.
WOMAN When exactly did you find you were everything?
MAN Monday, last week. I go to tell ya, it came as a bit of a blow.
WOMAN As well I can imagine.
MAN There I was, taking out the garbage, when, all of a sudden, I was everything.
WOMAN And how did you discover you were everything?
MAN Well, I found that no one else was which only left me.
