

## FOR GOD AND COUNTRY

KING           Such bitter embattlements.

MAN           It's as if the Devil himself leads them into battle.

KING           We must not relinquish. Prepare once more to take up arms and create war.

MAN           The men are weary but resolute. They are with you.

KING           God is on our side. They can draw strength from that.

MAN           No He's not.

KING           I beg your pardon?

MAN           I was talking with Him the other day and He's quite impartial about the whole thing.

KING           But we do this for His glory.

MAN           Apparently the other side is saying the same thing.

KING           But we said it first.

MAN           That might not matter.

KING           What? I said dibs on God. God's are our side. Remember? Before we started anything I made sure to claim God for our side. See...here...it's in my day planner and I have God checked off.
