

FOWL WARFARE

PRIVATE Look out!

Quack.

PRIVATE Good lord. That one almost got you, sir.

MAJOR Damn them. They're using fowl. That goes against all convention.
Get me ops on the phone.

PRIVATE Right away, sir. They're on line now, sir.

MAJOR This is Wigglebottom. Major Wigglebottom. Who the hell approved the use of aerial fowl? That last migration almost got us. What do you mean those weren't our birds? Well, who the flibberdyjibs are they? No. I couldn't get a good look at their markings. Red breasted, I think.

PRIVATE Pigeons!!!

MAJOR Everyone take cover!!!

Coo coo.

MAJOR Did anyone get hit?

PRIVATE Young Corporal Booby, sir.

CORPORAL It got me on the shoulder, Major.

MAJOR Not the chest, Booby?

CORPORAL No sir. It's not a good enough joke.
