RULER Well, you can't blame me for that. It could have happened to anyone.

ASSISTANT You declared war on the West Coast.

RULER I filled out the wrong form. I thought it was a request for poutine.

ASSISTANT 'I, fill in name her, declare war on the West Coast.' How did you think that was a request for poutine?

RULER I was never good with legalese.

ASSISTANT Minister, the country is at war.

RULER Is that's bad?

ASSISTANT Most people think so.

RULER Will it affect the polls?

ASSISTANT More than likely.

RULER Good or bad?

ASSISTANT Bad.

RULER Well, tell them to stop.

ASSISTANT You started it.

RULER Well, I'm telling you to stop.

ASSISTANT You have to fill out the proper form.

RULER Well, get me the proper form.

ASSISTANT We're all out.

RULER Then make more.
