

HELLO HELLO HELLO

COP 'ello, 'ello, 'ello. What's going on here, then?

MAN Listen. It's. Hello, hello, hello. What's are you doing?

COP What?

MAN If you're going to inquire about something the least you can do is use proper English.

COP Now, don't you be giving me any of your lip there, my good man.

MAN Please don't be belligerent, sir.

COP What?

MAN Please don't be belligerent, sir. That's what you were trying to say, wasn't it?

COP Listen, I'll run you down to headquarters so fast it'll make your head swim if you don't button that lip of yours.

MAN Stop talking or I will take you to the station quickly.

COP Right. That's it. You're coming with me.

MAN Correct. We're a couple.

COP What? I didn't say that.
