

HUMAN MAT

BOSS Thank you for coming on such short notice, Mrs. Crumbucket.

CRUM I like to be helpful if I can, dear.

BOSS So, if you'll lie down right here. The guest should be arriving any minute now.

CRUM Do you want me to greet them?

BOSS Oh no. Just lie there. They'll wipe their feet on you as they enter.

CRUM I could sing a little welcoming song if you like.

BOSS As a rule people don't like to be sung to by what they wipe their feet on. They'll walk all over you. You let them. That's pretty much it.

CRUM I could let out a pitiful groan each time they step on me, if you like.

BOSS Let's hear.

CRUM *Groan of pleasure.*

BOSS I think we'll give that one a pass. It sounds like you're enjoying it too much.

CRUM Oh no, dear. Will any of your guests be ice climbing or playing golf?

BOSS I wouldn't think so. Why do you ask?

CRUM I really really hate spiky shoes. I hate them soooo much.

BOSS I'm sorry?
