

## **WATER WAITER**

PATRON Water. Waiter. Water, please.

WAITER What?

PATRON Water. We were wondering, if it's not too much trouble, if you would bring us some water.

WAITER Water?

PATRON Please.

WAITER Why?

PATRON Because we are thirsty.

WAITER What's the matter with the wine?

PATRON Nothing's the matter with the wine. The wine's fine. We just want some water, waiter. Please.

WAITER But why?

PATRON Because we are thirsty.

WAITER Well, why don't you drink the wine?

PATRON Because we want water.

WAITER Why? What's wrong with the wine?

PATRON Nothing's wrong with the wine. The wine's fine. It's just that we want water.

WAITER Instead of wine?

PATRON No, with the wine.

WAITER You want water with the wine?

PATRON Yes.

WAITER So that you can water down the wine.

PATRON No.

WAITER No?

PATRON No. We want water and the wine.

WAITER But I don't understand. Why don't you just drink the wine?
