

DOWNSIZED

DAD I'm sorry. What we're looking for is more along the lines of...

MOM ...of?

DAD Talent.

MOM Talent? But that's so unfair.

DAD People's tastes change. Don't take it personally.

MOM But I've worked my whole life to get where I am.

DAD Now, don't make this difficult. Next.

MOM But I'm your wife.

DAD Yes. And due to the recent economic climate I feel we need to restructure.

MOM But we have two children.

DAD I'll be downsizing so I'm afraid I'll be letting them go in order to stay competitive. George Blaston down the street let his entire family go including his dog. And he's multigenerational. At least I'm keeping the dog.

CHILD 1 Woof woof.

DAD Nice try Bobby.
